A Whole New Immersive Sound Experience

Enhance your home cinema sound with RAY · DANZ. Innovative RAY · DANZ technology creates an incredibly immersive, ultra wide sound stage. This also ensures a larger sweet spot, so you can enjoy amazing performance over a greater area. With TCL Tutti Choral Function, TCL TV and Soundbar work together, it allows the TV and Soundbar audio to be combined to sound at the same time. Get the most out of your entertainment experience, with sound that's powerful without compromising clarity. Enjoy clearer dialogue from the Soundbar's

centre channel, tuned for optimal clarity. Make all your entertainment more dynamic with Dolby Atmos and DTS technology, bringing you multi-dimensional sound that delivers depth and excitement for a more cinematic experience. That also means big, powerful bass. The subwoofer offers a clutter-free solution. No wires, just huge, ground-shaking bass.

Product Highlights

RAY · DANZ TECHNOLOGY

Innovative RAY · DANZ technology creates a natural, immersive and wide sound stage.

Dolby Atmos

Dolby Atmos offers boundary-less sound that moves around you. Individual sounds are precisely placed in the room, immersing you in each story and song.

DTS X™

DTS:X can bring more immersive three-dimensional and shocking sound quality to the viewing experience. Sound bar support DTS:X can emit shocking 3D immersive sound.

AI Sonic-Adaptation

Automatically match the sonic field according to the noise situation in your room, adjust volume, echo and all sound effects.

TCL Tutti Choral

Combine with the tilt upwards TV speakers, it allows the TV and Sound bar audio to be combined to sound at the same time, this ensures a new listening experience and you can really hear the sound all around you.
